USER TERMS AND CONDITIONS

You must read, accept and agree to all terms and conditions below before becoming a member of the auction on wopauctions.com. At the same time, you acknowledge that it is your responsibility to keep informed of the following terms and any changes.

1. **Registration:** It's your duty to inform us with your real name, address and any other information when registering. We always have the right to exclude any user from the system if we believe that the user has provided false information or if the user's behavior is incompatible with the moral level of the wopauctions.com.

2. **Protection of personal information:** Your privacy is very important to us. We don't sell or rent your personal information to third parties for their marketing purposes without your consent. And we don't release any usernames to anyone, except winning names for sellers after auction - unless the user has chosen to publish the name.

3. **Auction informations:** WOPACTIONS only offers the seller's sale to the buyer. We don't guarantee the authenticity of the text and images delivered by the seller. It is the seller's responsibility to deliver the item referring to the information listed by the auction. If the seller is unable to deliver the item as indicated, the transaction may be cancelled. Except information about the gender of the yearlings (pigeons under 1 year old), as this is formed by an estimate from the seller. Sometimes it can be difficult to determine the gender with 100% accuracy and therefore a failure determining the gender cannot be used as a reason for cancellation. We aren't responsible for lost bids or cover any expenses if the auction is cancelled. We don't hold any responsibility for damage or death in transit from seller to buyer, or any problems after the purchase has been delivered to the buyer. We aren't responsible for the information posted by the seller during auctions where the final bid is placed by the seller and does not end online.

4. **Corrections:** Information about each auction is compiled in the best possible way. We will try our best to correct errors as soon as we become aware of them. If we correct anything during the auction, we will notify anyone of the auction description. If there is any correction during an auction, any buyer can withdraw the bid if the buyer is no longer interested.

5. **Payment:** When an auction ends, both the seller and the buyer will receive an email with all the information about the auction. After that, the buyer must pay the amount due as soon as possible. The buyer will not receive the final receipt and proof of purchase until we have received the payment. Payments must be made by credit card, bank transfer or direct payment to the seller. Checks will not be accepted. Credit card payments will be added + 2% fee. We also accept PayPal payments (+ 6% fee)

6. **Deliver:** It is the buyer's duty to contact the seller after the auction - but not before the buyer receives the final receipt after payment. The seller and the buyer will receive an information letter, but the final marking is made at the request of the buyer. It is also the buyer's duty to collect the pigeon purchased at the auction. The seller is under no obligation, but a special agreement can be concluded between the buyer and the seller. If the pigeon has to be transported, the buyer must pay these costs. If the pigeons have to remain in quarantine facilities before being transported, they remain so at the buyer's risk.

7. **Copyright:** This auction is owned by WOPACTIONS. Copying or using any part of the system is illegal without WOPACTIONS' written permission. Any Auction User is allowed to print text and images from each Auction for private use only.
